Share your favorite pieces for teaching music theory by participating in the "Teacher's Pets" session. Submit your best-loved compositions and we'll organize a session devoted to sharing favorites. The pieces you submit can be intended for teaching beginners, part writing, counterpoint, chromatic harmony, form, dictation, or aural recognition. Feel free to submit excerpts or works that highlight other topics as well!

We invite you to submit proposals for:

Traditional 30–50 minute presentations • Panel presentations • Poster session presentations

We encourage submissions in all areas, including pedagogy, performance, analysis, composition, and listening techniques. Presentations involving active participation are strongly encouraged.

Join us for a workshop that features camaraderie, collaboration, and pedagogy!
